

Worklog - May 06, 2026

Chi - FCJ Intern Batch 2026

06/05/2026

Basic Information

- **Date:** May 07, 2026
- **Day:** Thursday
- **Internship Week:** Week 1/8
- **Working Time:** 8:00 - 17:00
- **Mood:** Active and highly productive

Today's Goals

- ☑ Document the worklog for the previous day (05/05/2026)
- ☑ Check and process new tasks from AI Vietnam
- ☑ Conduct martial arts training and create a lesson plan with Binh Ca
- ☑ Update the RFP and share it with Binh Ca for discussion
- ☑ Set up the local environment folders for the FCAJ Internship

Completed Tasks

1. Worklog Documentation

- **Description:**
 - Compiled and documented the daily worklog for May 05, 2026.
 - Ensured all previous meetings, financial plans, and task expansions were properly tracked in the LaTeX template.
- **Result:** Maintained consistent tracking of internship progress.

2. AI Vietnam Task Management

- **Description:**

- Checked for new task updates from AI Vietnam.
- Copied all useful resource links provided by Mr. Nguyen.
- Downloaded all necessary task data into the local "Tasks" folder on the computer.

- **Result:**

- Successfully backed up the dataset locally for offline processing.
- Secured access to the collaborative LaTeX documentation.

- **Links:**

- [Dataset Folder \(Google Drive\)](#)
- [Overleaf LaTeX Workspace](#)

3. Martial Arts Training & Lesson Planning

- **Description:**

- Participated in a martial arts training session.
- Collaborated with Binh Ca to structure and create a comprehensive lesson plan for upcoming martial arts training.

- **Result:** Completed a structured physical training routine and finalized the lesson plan framework.

4. RFP Update & Review

- **Description:**

- Reviewed and updated the Request for Proposal (RFP) document.
- Handed the updated RFP over to Binh Ca to review.

- **Result:** Prepared the necessary documentation for our upcoming alignment discussion.

5. FCAJ Environment Setup

- **Description:**

- Created and organized the local directory structure for the FCAJ Internship.
- Configured all necessary environment folders to streamline future development and task management.

- **Result:** Local workspace is fully prepared for the upcoming technical workloads.

Learnings

Technical Skills

- **Workspace Management:**

- Efficiently structuring local development environments and managing large dataset downloads for AI projects.

Soft Skills

- **Collaboration & Communication:**

- Co-creating lesson plans and handing off documentation (RFP) for peer review with Binh Ca.

- **Time Management:**

- Successfully balancing technical setups, administrative tracking (worklogs), and physical training within the same day.

Challenges and Solutions

Issue 1: Context Switching

- **Description:** Managing tasks across multiple domains (AI Vietnam tasks, FCAJ environment setup, and physical training).
- **Solution:** Leveraged structured folders and immediate documentation to keep track of where each project stands without losing focus.

Reflection & Insights

What went well today?

- Handled data acquisition and environment setup smoothly.
- Had a productive collaboration session with Binh Ca on both the RFP and the martial arts training plan.

Tomorrow's Plan

Priority Tasks

- ☐ Discuss the updated RFP in detail with Binh Ca.
- ☐ Begin exploring the downloaded dataset from AI Vietnam and map out the initial data processing pipeline.
